Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Wednesday 28 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
North seeing rain, south brighter with a few showers.

Today:
Cloudy across the north with some persistent, heavy and occasionally thundery rain, far north and Northern Isles just seeing a few showers. Occasional showers across central and southern areas. Still quite warm in brighter southeastern areas.

Tonight:
North cloudy with further spells of rain, heavy at times. Central and southern Scotland becoming mainly dry with some clear periods and just the odd shower.

Thursday:
Some showers or longer spells of rain across the north and east. Mainly dry and somewhat brighter across the southwest.

Outlook for Friday to Sunday:
Becoming mainly dry, still the odd shower around especially in the north and east. Somewhat cooler and fresher than of late.
